3. **Rides and Events:** Brampton Flying Museum - Sept 8th
Green Lane Ride - Sept. 22nd
Fall Colours Tour - Oct 13th
4. **New Business:-** Jason brought up the topic of multiple bike insurance & the non availability of discounts if more than one bike is insured. Brock said that brokers have most of the business as is & wouldn't have anything to gain offering discounts directly. Same applies going direct to insurance companies: the bike market is too small to make it worth their while to offer multi bike discounts other than standard claims-free or multiline discounts already available. Jason thought best option to find out whether any discounts would be available appears to be contact an insurance Co. that will deal directly with customers (rather than through a broker) & make a presentation to them; CAA is one possibility, there may be others but the limited number of riders might be a problem. He & Brock will work together (along with Mark Moore in Sarnia who's also been involved) using stats supplied by Mark on insurance survey & put together a presentation. Brock to discuss the issue at the AGM with a view to getting multi bike insurance through the Club.

Jason said that he'd like to promote GPR & suggested business cards that could be handed out at shows & events. He said he'd be prepared to ask his wife to take a look at them.

Jason asked might it be possible to increase attendance at GPR events by sending email blasts to other sections. Mark said he sends to individual members now & would probably be possible to send to sections but that he'll be retiring from web administration position shortly.

5. **Next meetings:**

John to confirm October, December, January & March meetings at Scarborough Legion.

6. Motion to adjourn: M – Andrew, 2nd – ?.
